

OPEN SAMPLE / CASE FILE 001

Eight hours. Three sources. One report no one owns.

ILLUSTRATIVE COMPOSITE SCENE

MERIDIAN COMPONENTS

A visual recommendation you can inspect.

8

hours / week

3

manual sources

1

shared bottleneck

FICTIONAL COMPOSITE

Not a customer result. All details and metrics are illustrative.

ARTIFACT 01 / SYSTEM MAP

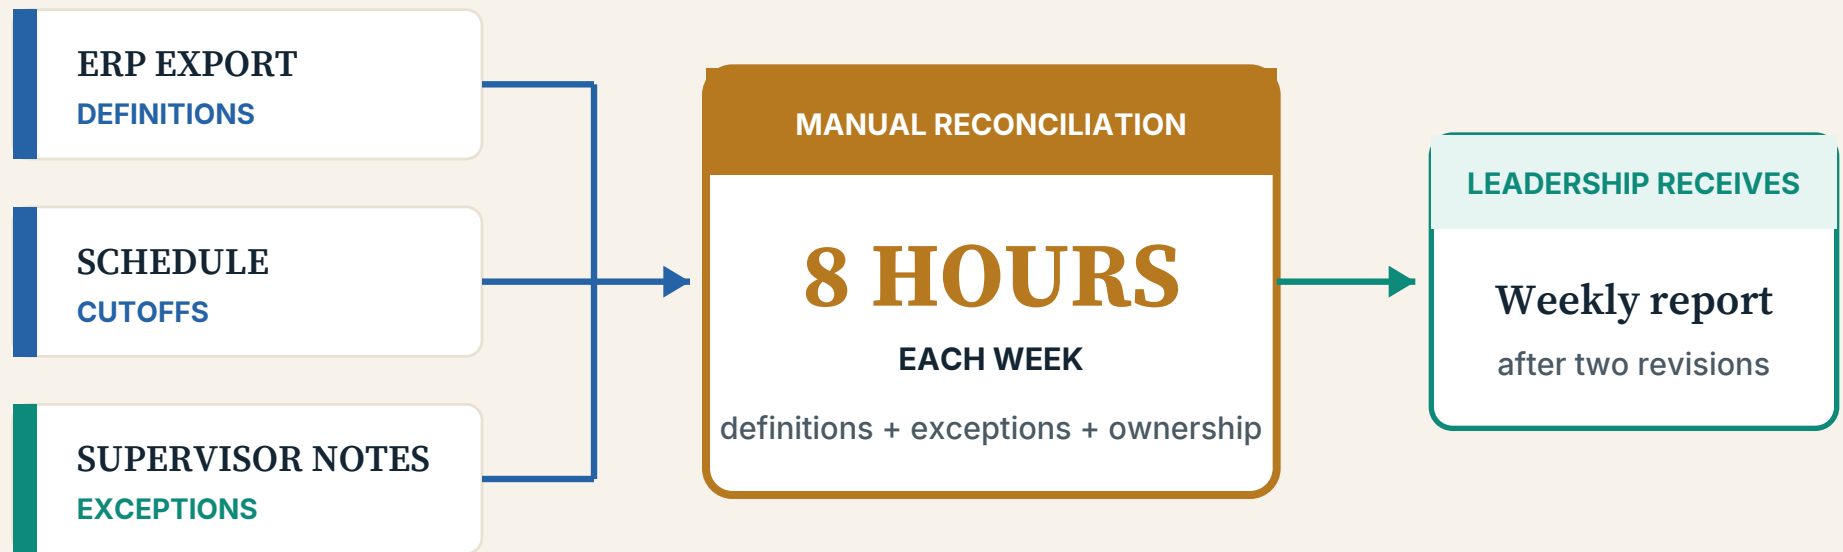

Three sources. One weekly bottleneck.

The problem appears between systems - where definitions, exceptions, and ownership collide.

THREE INPUTS

ONE MANUAL HANDOFF

ONE OUTPUT

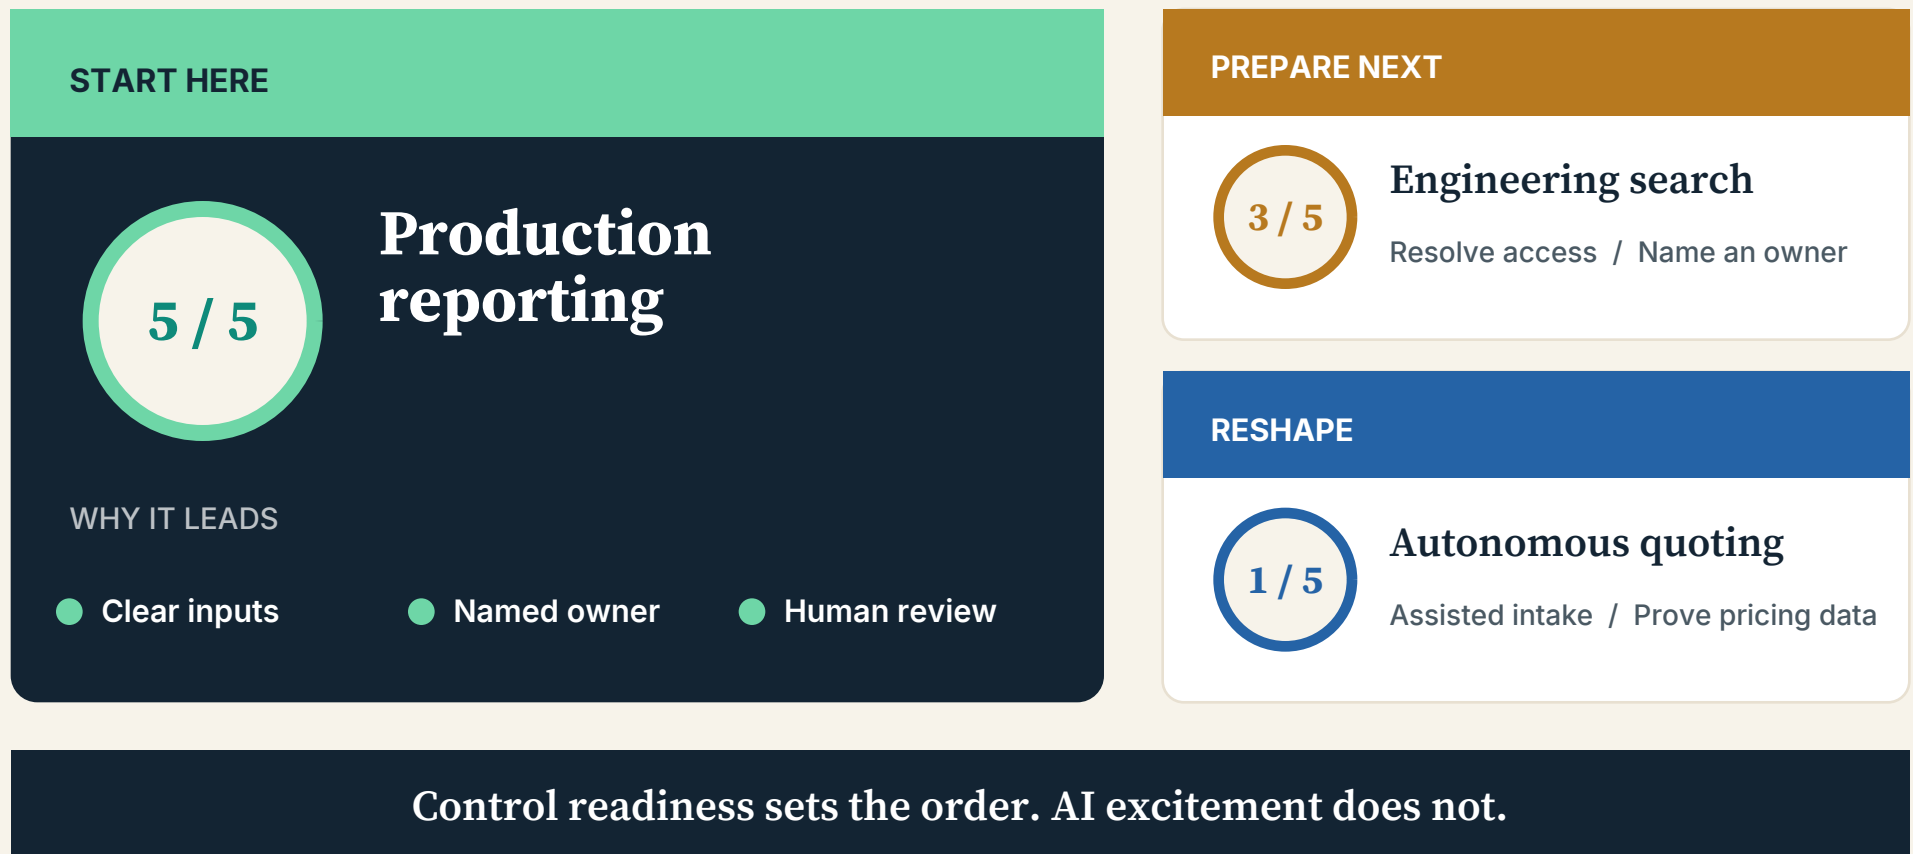

Fix the handoffs before automating the report.

ARTIFACT 02 / OPPORTUNITY LENS

Choose the first move by readiness - not hype.

Three ideas. Three different paths.

ARTIFACT 03 / VISIBLE EXPERIENCE

Simple for your team. Controlled underneath.

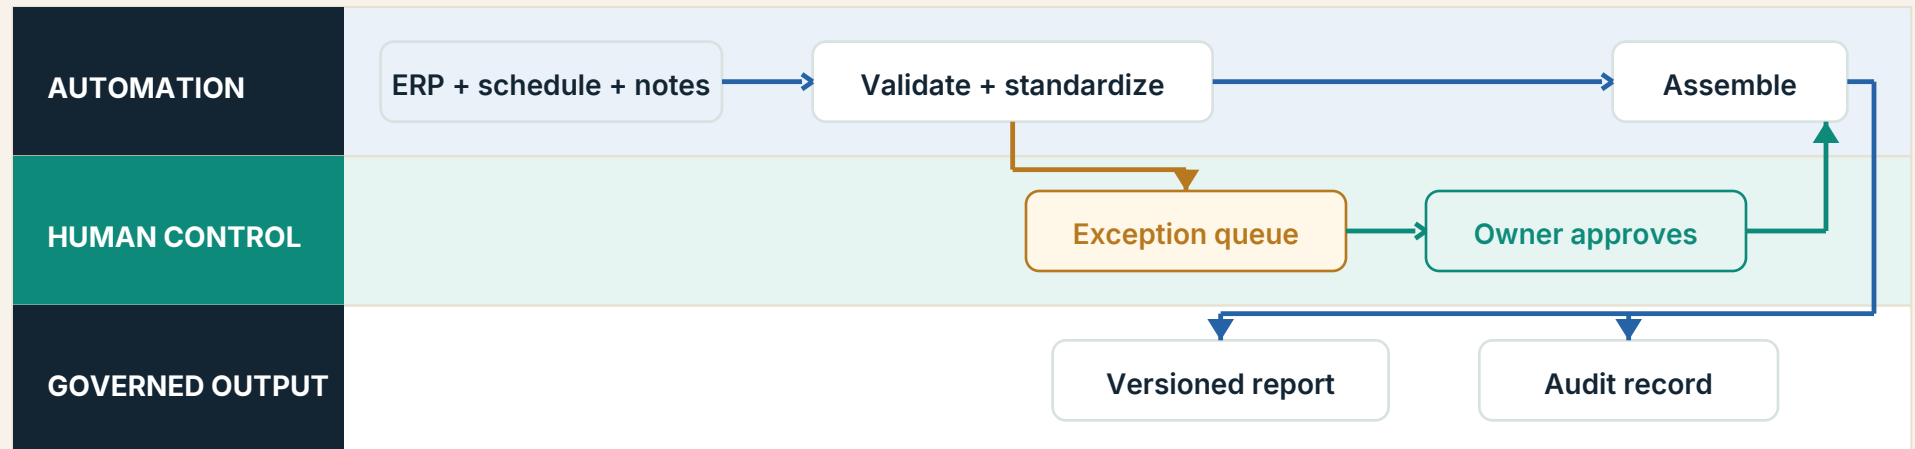

Three clear actions above. A governed workflow below.

WHAT YOUR TEAM SEES

1 Share approved files → 2 Review exceptions → 3 Approve output

ARCSTRIDE HANDLES THE COMPLEXITY BELOW

BOUNDARY: NO WRITE-BACK

Easy to use. Visible exceptions. Human stays in control.

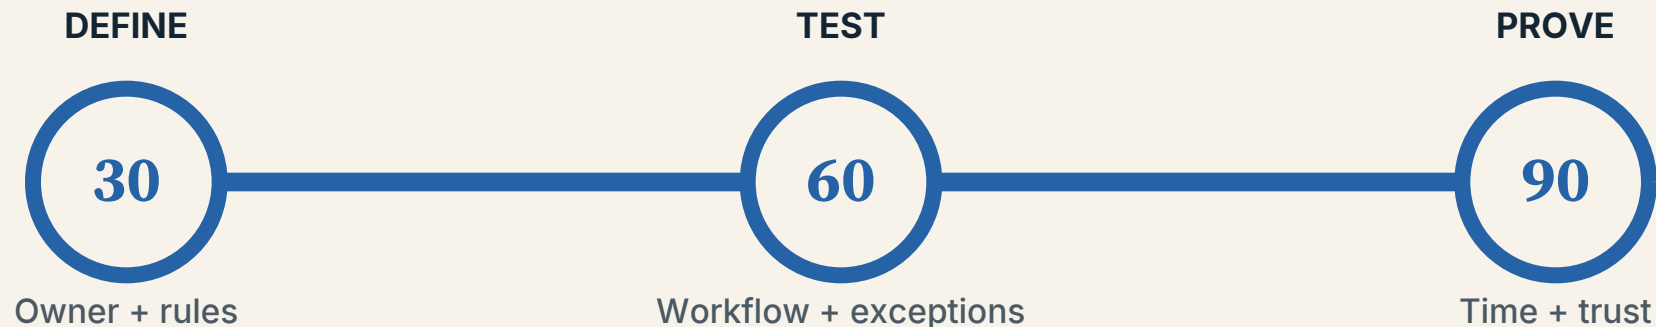

ARTIFACT 04 / EXECUTIVE RECOMMENDATION

One clear first move. Ninety days to prove it.

START HERE

One reporting workflow

- Named owner
- Human review
- No write-back

EXPLORE THE INTERACTIVE CASE

Bring one operating problem. Leave with a clearer first move.
